

# GOSANTEKI MANNERISM

Miscalculated Mannerism

Hello!! It's been a while, but here's a FumiShun! ♪  
 It seems like there were many people who were silently waiting, so I'm happy. ♡  
 And... I didn't have enough time, so this story is split into two halves.  
 The sex scenes are all in the second half, so those reading the first half  
 looking for sex might be a little upset...  
 But I poured my heart and soul into drawing the ass on the last page!!  
 (Eh... is that so unforgivable?) So please... hold out... for the second half...  
 By the way, for some reason I decided to handwrite the foreword and  
 now it's sloppy and slanting to the upper-right... I felt like

I probably should have typed it,  
 but to be honest it's easier this way.  
 Sometimes, I just want to make a talk page when I'm in the mood  
 to scribble. It's been 3 years since the previous "Mousou Graffiti" (Doujinshi).  
 A whole 3 years...

I haven't drawn them for a while, but even now I still get  
 many tweets and letters saying "I like FumiShun". It touched me,  
 that even though I haven't drawn them in a long  
 time, people still remember them.  
 And there we have it, this is the long awaited FumiShun.  
 I'd be happy if you enjoyed it!
